Software Developer

ABOUT ME

Sometimes it pays to stay in bed on Monday, rather than spending the rest of the week debugging Monday's code.

EXPERIENCE

Front-end Developer

2021 – Present | Guipos, Phil.

As BSIT student

I started enjoying programming since I'm first year college, I first encountered HTML, CSS and JavaScript as a starter since it's required to learn the basics to pass the subject.

Freelancing

2021 – Present | Guipos, Phil.

50+ Webapps

For years of freelancing, I created 50+ Webapps as a freelancer, expect there will be more added every time passes by.

Back-end Developer

2022 – Present | Guipos, Phil.

Python, PHP, MySQL

Doing only pure text on web makes me sleepy, I want more exciting challenges so I dare myself to learn more complex dynamic Webapps to satisfy my perfectionist's needs.

COMPANY NAME

2021 – Present | Guipos, Phil.

Web Developer

During my years as freelance web developer and created small amount of projects, I learned the basics.

Mobile App Developer

After years as a web developer, I want to try another journey. I dare myself again to learn deep and understand mobile development.
